NETWORKING LUNCH

🕒 13:00

PANEL 1 : "TRANSNATIONAL TECHNOLOGICAL INNOVATION ECOSYSTEMS" BY GERMAN MARSHALL FUND (GMF)

Bridges of Innovation: Scaling Across Borders

This session examines the architectural requirements for a seamless transatlantic and global innovation corridor. As founders face fragmented markets, this panel explores the synchronization of intellectual property standards, R&D incentives, and the deployment of Web3.0 infrastructure to support cross-border ventures. We invite leaders from the German Marshall Fund and global tech hubs to discuss how we can build a unified "ecosystem of ecosystems" that allows startups to scale from local success to G20-wide impact.

🕒 14:15

PANEL 2 : "REGULATORY HARMONY & GLOBAL TRADE CERTAINTY" BY OECD

The Policy Mandate: Standardizing the Future of Digital Trade

In collaboration with the OECD, this panel addresses the critical need for "trade certainty" in an era of rapid digital transformation. Discussion will center on establishing stable regulatory frameworks for the digital economy, focusing on international taxation, data privacy, and the reduction of trade barriers for young entrepreneurs. This session is designed for policymakers and institutional partners who are defining the rules of engagement for the next decade of global commerce.

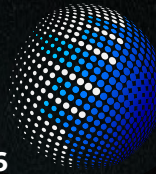

🕒 15:30

VENUE EXPLORATION & COUNTRY B2B SESSIONS

Delegates will tour the Vienna Messe innovation zones followed by scheduled bilateral meetings between country delegations to discuss trade certainty and cross-border collaboration.

Focused matchmaking for startups in specific sectors like Cleantech, Fintech, and Agribusiness

🕒 12:00

INDUSTRY LEADERS LUNCH

🕒 13:00

PANEL 1 : "FROM LEGACY TO LEVERAGE" BY CORECAM FAMILY OFFICE

Generational Wealth & The New Entrepreneurial Spirit

This panel bridges the gap between traditional capital preservation and the disruptive requirements of modern technology. Managed by Corecam Multifamily Office, we will explore how generational wealth can be leveraged not just for stability, but as a catalyst for high-impact innovation. We seek experts in family office management and venture capital to discuss transition strategies that empower the next generation of founders while maintaining the "serious" executive leadership required for long-term growth.

🕒 15:00

PANEL 2 : "THE AI MANDATE"

Intelligence with Integrity: Security, Ethics, and Industrial AI

Moving beyond the hype, "The AI Mandate" focuses on the industrial application of artificial intelligence within the framework of European and global security. This session explores the dual necessity of rapid AI adoption and the ethical safeguards required to maintain societal trust and intellectual property integrity. We invite CTOs and AI ethicists to discuss how G20 entrepreneurs can lead the "Re/Code" of industry through secure, transparent, and panel.

COFFEE BREAK: NETWORKING IN THE MESSE INNOVATION HUB

🕒 16:30

PANEL 3 : "REGENERATIVE SYSTEMS & SUSTAINABILITY"

The Circular Mandate: Beyond Sustainability to Regeneration

This deep dive focuses on the transition from passive sustainability to active "regenerative systems" within the circular economy. The discussion will highlight breakthroughs in cleantech, agribusiness, and green finance that do more than reduce harm—they actively restore ecological and economic value. We are seeking pioneers in regenerative agriculture and circular manufacturing to showcase how the "G20 Entrepreneur's Mandate" can solve the climate crisis through profitable, scalable business models.

🕒 20:30

G20 YEA GALA DINNER

A prestigious evening hosted at the **Rathaus Vienna (City Hall)**, focusing on solidarity and the "G20 Entrepreneur's Mandate."
